To Whom It May Concern:

Our names are [redacted]

We are sophmores in high school. We have been thinking very gravely about becoming involved in undercover intelligence work for the United States Government.

Please take us seriously. This is very important to us. Do not tell us to come back when we are older for it will not work. We have been researching very much about the Central Intelligence Agency, the KGB and undercover intelligence work.

We understand we are still young, but we feel that we can and, most importantly will face the responsibilities, importance and dangers of this extremely hard job. We understand we could be killed, we are ready to face the consequences.

Please do not joke or ignore our issue. This is very important to us. Please take time and think it over and please send a response.

Thank you.

Sincerely,

STAT
